## ABOUT

I'm passionate about designing and developing User Interfaces and User Experiences for websites and web applications. I'm always ready to learn and experiment with new things because even if I fail, I end up learning something.

## EDUCATION

Bachelor's Degree - 2007-2010

B.Sc., Computer Science - Don Bosco College of Arts and Science

## EXPERIENCE

### **Aro Digital: Frontend Developer (March 2023 - Present)**

- Created and enhanced various website components using HTML, SCSS, ASPX controls, and SQL database updates.
- Collaborated with the design team to convert mock-ups into functional web elements.
- Developed a range of components, from simple buttons and forms to complex navigation menus and interactive widgets.
- Worked on ASPX control updates and optimized existing controls for improved user experience.
- Updated the SQL database to create different modules for the CMS.

### **Steer73: Front End Developer (Jun 2019 – Feb 2023)**

- Developed the EvacOne customer portal using HTML, SCSS, and JavaScript for interactions.
- Created a modular design system using HTML, SCSS, and JavaScript, allowing easy integration of components.
- Converted plain HTML pages into MVC view components and worked with C# controllers.
- Worked on Chubb's responsive website and dashboard development using HTML, SCSS, and JavaScript.

### **Steer73: HTML/CSS Developer (Jun 2018 – Jun 2019)**

- Collaborated on the Paddy Power mobile bidding app, delivering UX/UI using HTML, SCSS, and JavaScript.
- Contributed to the development of responsive websites and dashboards for Chubb.
- Worked on Language Shop's linguist web app, focusing on UX/UI and front-end development.
- Contributed to the architecture and design of the Ingress One Roll Call App.

### **Full Creative Pvt. Ltd: Sr. Web Developer (Mar 2014 – May 2018)**

- Led web development for AnywhereWorks, a team collaboration tool.
- Developed AW Link, an instant video collaboration tool.
- Worked on responsive websites for Answer Connect, HelloSells, and YocoBoard.
- Collaborated with design firms Yummygum and PixelMatters.

### **TNQ Books and Journals: Graphic Artist (Jan 2013 – Feb 2014)**

- Improved image graphic quality using Photoshop and Illustrator.

### **SKILLS**

- Frontend Development (HTML, SCSS, CSS, JavaScript, jQuery, ES6, Tailwind CSS, Bootstrap)
- UI/UX Design (Figma, AdobeXD, Sketch)
- CMS (WordPress, Webflow, Custom CMS)
- Task runners/NPM/Node
- ASPX Controls
- SQL Basics
- Prototyping (Invision, Zeplin)
- Adobe Premiere Pro

### **Hands-On**

- Certified AGILE SCRUM as SCRUM MASTER and conducted scrum meetings.
- Trained and mentored 20 interns/freshers in Front-End Development.
- Collaborated with developers to change or create new roadmaps.
- Proficient in page speed optimization.
- Conducted workshops and seminars on web development.
